VOLUME XXV

COLUMBIA, KENTUCKY, TUESDAY NOVEMBER 1, 1921.

NUMBER 2

## Radio Time Station.

The people throughout this part of the State will be glad to learn that Columbia is to have a radio time station which will be established at once. This enterprise and great convenience will be established by Mr. Lewis Young, the well-known Jeweler, and will be put in operation by Mr. Cyrus Williams, who is a well-known electrician. The apparatus has been ordered, and permission has been granted to locate same on the top of the court-house, connecting the wires with Mr. Young's Store.

This will be the greatest enterprise and convenience in the way of getting news ever installed in this part of Kentucky. News will be received instantly from all parts of the United States, especially will it be convenient in getting news from State and National elections, or any other important events that may occur.

Mr. Williams knows exactly what he is doing, and if he had the least misgiving as to its success he would not advise the establishment of the system.

Much credit is due Mr. Young, who is going to furnish Columbia with this enterprise, thereby giving the town and county the news immediately after it happens. Election returns that the people are so anxious to hear, will be known over the county immediately after the ballots are counted.

All honor to Mr. Young and his electrician, Mr. Williams.

## The Extinguisher Here.

The Chemical Fire Truck, bought by citizens of Columbia and the Municipal Board, arrived last Wednesday just before the noon hour. It was sold by The O'Benham-Boyer Co., Loganport, Ind. The Representative of the Company is Mr. Wm A. Brady, who was here with Mr. R. J. Lyon when the trade was made.

Upon reaching Columbia it motored out the principal streets, giving the people of the town an opportunity of seeing it, and every body expressed themselves as being pleased with its appearance, and with one accord all said that they believed it would do good work and fill a long felt want. It has quick speed, and in a few minutes can reach a fire that may occur in the corporate limits of Columbia. Property in the suburbs of the town can also be reached in a very short time.

The following named persons will be the firemen:

J. W. Young, Edwin Hutchison, Roy Rasner, Cleo Tarter, Fred Myers, Stanley Epperson, Stewart Hutchison, Albia Eubank, Edwin Cravens, O. C. Hamilton, Doc Walker, Robert Wethington, Roy Stotts, Ralph Stults, G. R. Reed, Chief of Department, J. C. Strange, Ass't. Chief, L. M. Young, Captain, Alvin Lewis, Lieutenant.

## Mr. Garnett Still An Active Mason.

It will be of interest to the Masons of Adair county to know that our own Jas. Garnett takes a front lead with the fraternity in Kentucky. Being Past Grand Master of the State, he did not lose his interest in the "Great Order" when he went out of office. As a worker in the ranks he is not a tyro, but his work is regarded by the subordinate lodges as full and efficient. As an observer we take pleasure in saying that we were delighted with the reports made concerning his work and the interest that he is manifesting to advance the work of the most honored order.

To the Voters of Adair County.

It has been circulated in some parts of the county that I have withdrawn from the race of Circuit Court Clerk. This is a mistake and I hope my friends over the county will assist me in correcting this report. I wish to thank my friends throughout the county for the many favors shown me during this campaign, and respectfully solicit the vote of every man and woman.

Respectfully,  
Chas F Paxton

## Notice, Election Clerks.

Next Tuesday will be the election, and we went to publish the full returns from each precinct in Adair county. The whole county will be anxious to know who is elected, and by sending the returns to the Exchange at Columbia, the reports will reach us at once. Send the full vote each candidate receives, and also the vote on the amendments. The lower precincts in the county and the upper precincts are especially requested to heed this request. Remember we want every precinct in the county, and the vote each man receives.

As you all know a few days ago our house was destroyed by fire so we are compelled to collect all accounts that are owing to us. We still have some goods that were saved which we will sell for less than you can buy elsewhere. So when you are in town call on us and settle your account and trade more with us. Mr. Hutchison will generally be at the hotel corner.

Respt.,  
Hutchison & Patteson.

## To the Republicans of Adair County.

Don't forget the election, Tuesday Nov 8th. A careful survey of the county shows that the party was never more nearly united, nor was there ever less cause for division.

Your present County Officials, have conducted the affairs with credit to themselves and their constituents.

Don't be misled by false accusations. We point with pride to the record they have made. If the Republicans go out and vote the county will give the largest Republican majority in its history. Don't fail to go to the election and take your wives and sweethearts with you.

Yours for good government and the success of Republicanism.

Very Respectfully,

Republican Campaign Committee

## A Political Card.

To the Voters of Adair County:

Well, as usual, there are some unscrupulous persons running around over the county misrepresenting me. Here is what I have caught in the past few days. These scoundrels of creation are telling that should I be elected County Judge that I was in favor of taking the road funds out of the precincts, out in the county and putting that on the Campbellsville pike. Now, the man or men who circulates this know that they are telling a falsehood of the blackest type. Here is how I stand on the road proposition: I am in favor of putting every cent that the pike takes in back on the pike and this amounts to about \$4,000 per year now. I want every person who passes over this pike watch carefully and see if you think that it looks like there has been \$18,000 expended on it in the past four years. Friends, it is a dirty shame. The job that has been put up on this pike. In regard to the county roads: Should I be elected Judge I expect to see that each and every Magisterial district gets every cent that it pays for road taxes to be returned and spent in the district from which it came. I also expect to see that the road hands are supplied with tools to work with. To my great surprise, in canvassing the county, there are many roads that haven't a single tool on them. What a shame this is. How do you expect these people to work without anything to work with? Now, as the last days of the campaign are on, I want to tell the voters the conditions of things over the county. The larger per cent of the whisky men are organizing against me, especially in Columbia, and you all watch it in your respective precincts, and you will see that it holds good all over the county. Now, this is a self-evident fact that there is a "nigger" in the wood pile, for they know full well that if I am elected there will be a hot time in the old town and also in the country. Now, I want to appeal to every mother who has a drunken son, to every wife who has a drunken husband, to every sister who has a drunken father or brother, and every young lady who has a drunken sweetheart to get behind me, and stay behind me, and I will help you dry those tears that you have bathed your pillows with for years. Now, boys, you who are drinking all of this moonshine, extracts hair tonic, I know every one of you and personally I like every one of you, but you know full well that I am right in this proposition. You know that lots of you fellows have good wives and sweet little children, and when you go home with that awful smelling breath that your wife needs a Gas mask; and you ought to take a pet Billy Goat or a pole cat to your children to keep down that awful odor. Now, boys, reconsider and help me for I will be a help to you. Now, as I have before said to the voters, if you will elect me and stay behind me, we will have a town and county second to none in the State. Again thanking you for all kind words and all help that I have and may receive, I ask each and every voter to stamp my ballot in the circle or in the block opposite my name and I will always appreciate it and I don't think you will ever regret it.

I am yours truly,  
C. G. Jeffries

Respectfully,  
C. G. JEFFRIES.

## On Coming Sports.

The young men of the town met recently and elected officers for the coming year of indoor sports, Basket Ball principally. It is remembered by all, that the Columbia Athletic Club had one of the fastest Basket Ball teams of the State during the season 1919. This same aggregation is principally in charge this year and by all means should have an improved team over that year. New supplies have been ordered and everything will be in readiness for regular games in about two weeks. The whole town and county should support a good Basket Ball team.

## The Ball Game.

The gym at the Lindsey-Wilson was filled last Friday night with fans, to witness a basket ball game between Jamestown and the L. W. T. S. The game was started promptly, and excitement ran high from beginning to end. The result was 30 to 16 in favor of the Lindsey-Wilson. A number of representatives from Jamestown accompanied their team to Columbia.

Just received a good lot of odd coats. Prices right.

## The Street Should be Widened.

The pike in front of the Presbyterian church, as far up to the end of Mr. J. C. Strange's residence, should be widened at once. It is dangerous for automobiles to pass at this point, especially when they go at a rapid gait at night. There have been several accidents at this point recently and the matter should not be longer delayed.

She was 31 years old and was a true, Christian woman, one who had many friends in the neighborhood. She was a loving wife, and a devoted mother, and will be greatly missed, not only by the immediate family, but by all who knew her.

## To The Voters of Adair County.

I am a candidate for member of the Board of Education, and respectfully solicit your support. Having been a teacher in the past, I take an interest in affairs pertaining to education. ## Gas Well at Creelsboro.

Oct. 25, a report has just come from Creelsboro that Armstrong Bros. has struck a gas well and so far have been unable to control it.

On Tuesday, the 25th of October, Mr. J. A. Young was given a surprise birthday dinner, he having reached his 64th year. Quite a number of friends called with well-filled baskets, and a most bountiful spread covered the tables. Mr. Young did not appear until the dinner hour, and he was greatly moved, as he did not know that his friends were going to honor him in such a magnificent manner. The afternoon was most happily spent in social converse, music, etc. Reminiscences of by gone days were recalled, and the incidents as they were entertainingly told brought smiles to the faces of all present.

Next week the Adair County News will not be published until Wednesday. We will hold the paper in order to give the election news.
